### CONVENTION CALL.

The Democrats of Warren County are hereby called and earnestly solicited to meet in convention in the Court House on

SATURDAY, JUNE 16th, 1888, at 1 o'clock p. m., for the purpose of electing delegates from the various districts of the county to attend the Congressional convention of the 3d Congressional District, and also elect delegates to attend the Senatorial convention of this District, and to transact all and such other business as may come before the convention. The presence of every Democrat in the county is requested.

Respectfully,  
SAM T. O'NEAL,  
Congressional Com'n for Warren Co.

### Marriage.

One of the most interesting and entertaining social events of the season took place at Tullahoma Wednesday evening of this week.

At 7:30 p. m. the Methodist Church was filled to its utmost capacity excepting a space about the chancel for the Knights of Pythias, but still the anxious throng, as it began to form around and in front of the Church, continued to increase as if waiting for some master spirit to preside over the multitude of people. That master spirit Hymen was there. Cupid had sent a level shaft right into the hearts of two well matched Tullahomians, and honest old Hymen came to heal the throbbing wounds.

At 8:30 p. m. a double column of the brave Knights of Pythias moved slowly through a pressing crowd of people without—followed by Rev. A. T. Crawford, of McMinnville, and the bridal party. When the central aisle of the Church was reached, the guards loosed the silken cords that held the way open to the gracefully decorated chancel, to which the happy groom, Mr. E. Russell, a prominent young merchant, led Miss Aurora Fariss, daughter of Dr. W. M. Fariss, the fair young bride, an honorable graduate of Dr. Price's College for Young Ladies, polarized every eye of the great multitude. The music, presided over by Mrs. Morris, softened into eolian plaintiveness as the impressive ceremony proceeded.

Many eyes moistened in holy joy as their loving sympathies mingled with the grace, beauty and humility of the bride as she knelt by the kneeling groom to implore God's continued blessing upon the kind connubial tenderness there blending into the oneness of conjugal love.

The trousseau will not here be described. It was elegant, costly, beautiful and bountiful.

Fifty happy guests partook of the royal repast at the elegant home of the bride's father.

The whole realm of esculent nature contributed, to the feast which found no limit but in the boundary line of satiated appetites of the joyful guests.

It is a good thing to get a wife from the Lord and, therefore, marry in love.

ANDANTE.

### Educational.

The Spring term at Irving College will close on Friday 15th inst. Friday 15th, public examination, Sunday 17th, at 11 a. m., sermon. Monday and Tuesday nights, 18th and 16th, concerts by the school.

P. A. PEARSON,  
Principal.

### Quite Encouraging.

Nashville Democrat

The secretary of the state democratic executive committee says that from information received from all sections of the state he is warranted in stating in the most emphatic manner possible that the factional animosities engendered during the recent contest for gubernatorial honors are rapidly disappearing and that democrats are in line and will work heroically for the success of the ticket from Cleveland down. There are a great many democrats, who, for various reasons, have taken no interest in politics for a number of years, and have persistently stayed away from the polls, that are enthusiastic this year and will join the working forces and help roll up a big majority. There is going to be a "ground swell" from the old "stay at homes."

### Would You Advise me to Handle the Garment Cutter?

That is a question I am often asked, and it is a hard one to answer many times, as I do not know the surroundings, the ability, the ambition or a thousand other things concerning the person, so I can't always answer: But for my part I prefer it to anything I can do. I can make more money out of it and be more independent than I can in anything else. I can't tell you all the reasons why I prefer it to other lines of business, it would take too long and the reasons are given in many places in this article. It is a work I can recommend my friends to follow, and a work, properly followed will give immense returns. I will tell you the plain truth about it and then leave it with you to decide. Many go into the work and succeed, others do not.

One merchant will rent a building, go to selling goods and fail; another will rent the same room, handle the same goods and get rich. So it is in all business. The only advantage we have over other kinds of work is the real value of our Cutter, its comparative freedom from competition, and its immense profit. These are the principal reasons. There are many others, too, such as neat, clean, light, healthy work; opportunities of seeing and knowing the world as it is; the wonderful advantages of learning human nature; freedom from care and anxiety; benefiting the human race, and the ability by proper work to amass a fortune.

Call on H. W. Rumbley, General Agent at McMinnville and secure your territory at once, for it is being taken very fast. Already some of the best citizens of the county have invested as much as a thousand dollars in territory, and many have taken one or more counties. Such people as the Fingers and Hills of Verrilla (some of the oldest and best citizens of Warren Co.); Rev. A. N. Moore, who has bought a thousand dollars worth of territory in southern Tennessee; Rev. S. M. Parks of Winchester, Tenn.; H. L. Walling, Jr., Scotts and King and many others too numerous to mention, and considering that some of these have bought territory after canvassing for some time in this county, is positive evidence as to the genuineness of the Cutter, and to the immense profits.

### TESTIMONIALS:

Tailors, May 31, 1888.

Mr. W. H. Rumbley, McMinnville, Tenn.  
Dear Sir.—I cheerfully add my testimonial to the large number already given the National Garment Cutter. I could not praise it too highly. I think it is a perfect system in every respect, and one that has long been needed by the people. I have bought one and would not take \$25.00 for it, if I could not get another. The agent has done some splendid work in every neighborhood and has given satisfaction as far as heard. There has been several sold here and the prospect is good to sell more.

Yours Respectfully,

Mrs. FANNIE JOHNSON.

Tailors, June 1, 1888.

Mr. H. W. Rumbley, McMinnville, Tenn.  
Dear Friend.—Send me six more Cutters at once, those you sent me are all gone, business is increasing daily, never saw the like; ladies come from adjoining counties for the Cutter. You told me to press the work when I came, and I did, but won't any more for it is pressing me beyond my favor now. Have made more money since I have been working with the Garment Cutter than I made in three months before. I am glad you induced me to go to work. Excuse me for not writing more at present but will write you again tomorrow. With best wishes to all National Garment Cutter people, I am as ever, your friend and brother agent,  
W. A. NORTON.
